

**NRA KNIVES** feature unique, field-tested designs developed in partnership with category leading Benchmade Knife Company. Patented Benchmade exclusives like the **AXIS™** Lock mechanism and premium materials offer unparalleled performance and unrivaled mastery of design. From traditional hunting styles to modern sporting cutlery, Benchmade innovation and experience places **NRA KNIVES** forward in the field.

### **12300**

Perfectly blending form and function, the unique gun-like appearance makes the emphatic statement that this knife is the "NRA." The 3.20" 440C premium stainless steel blade and proven locking liner mechanism also make this more than just a theme knife - It's a great knife. Available with plain edge or partially serrated **ComboEdge™**. Designed by Steve Fecas.

**\$29.00**

## 12800

Custom knife-maker Warren Osborne has created a truly unique knife. Utilizing Benchmade's patented AXIS™ Lock, this folder features a 3.40" 154CM premium stainless steel blade design that is like nothing else you have ever seen. The machined aluminum handle provides for a sure grip and for comfortable carry it features a reversible, silver stainless steel split-arrow clip. Available with plain edge, partially serrated ComboEdge™ or SBT (partially serrated ComboEdge™ with black corrosion resistant coated blade).

12800 - \$170.00  
12800SBT - \$180.00

## 12200

This general purpose folding knife features an extremely functional, utility-shaped 3.25" blade in 440C stainless steel that makes it a superb cutting tool. The Benchmade patented Rolling Lock® mechanism is smooth and strong. A textured, molded handle provides for a secure grip in any environment. Available with plain edge or partially serrated ComboEdge™. Designed by Mel Pardue.

\$70.00

## 12400/12410

This knife utilizes a patented springless lock back mechanism for strength and ease of operation. The sweeps in the micarta handles provide an excellent grip. Two blade lengths are available in 440C stainless steel: 3.40" or 2.70". Available with plain edge or partially serrated ComboEdge™. Designed by Ken Steigerwalt.

12400 - \$75.00  
12410 - \$65.00

## 12700/12750

This pair of multi-blade knives represents a step forward in pocketknife design. The main blade features a patented, springless lock back mechanism for the ultimate in strength. The larger of the two models features a gut hook blade, while its little brother features a can-opener/screwdriver combination blade. All blades are made from 440C stainless steel. Designed by Ken Steigerwalt.

12700 - \$65.00  
12750 - \$55.00

### 12500

Just over 6" of 440C premium stainless steel makes this a fantastic all-around camp and field knife. The ribbed, molded handle is comfortable and secure in the hand. Benchmade's patented B.I.L.T.™ system allows for easy disassembly and cleaning of the handle. Designed by Warren Osborne.

\$100.00

### 12520

The sweeping recurve, deep belly and 4" of 440C blade steel on this drop point hunter combine to deliver a great fixed blade. The over molding with exposed handle tang provides a comfortable handle and clean look. Designed by Mike Snody.

\$90.00

### 12550

This knife has to be held to be truly appreciated. The ergonomics of the black wood handle are an extension of the human hand. The 4.00" 440C blade makes for a wonderful Skinner. Designed by Rick Hinderer.

\$100.00
