

# NRA OUTDOORS™

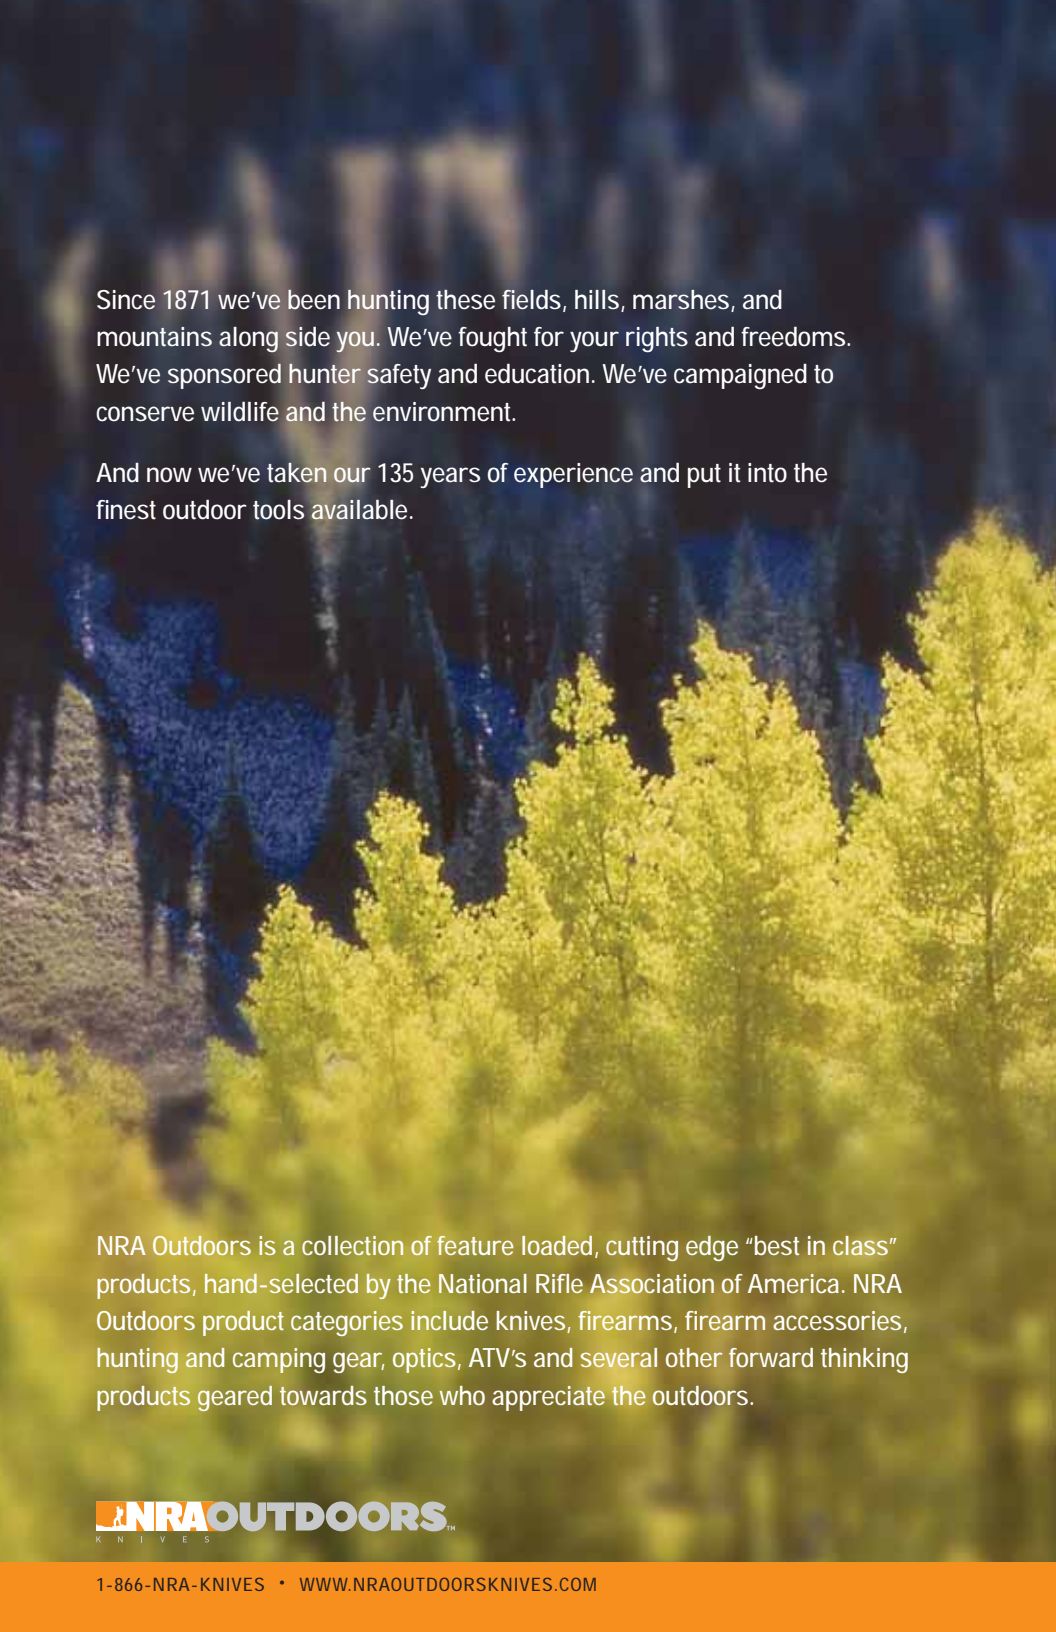

K N I V E S

If you rise well before the sun just to feel the woods come to life as crisp morning breaks. If a box of .22 shells and a piece of paper get your heart racing. If your idea of a reality show is sitting back on a rock watching an eagle catch thermals. If fun for you involves rubber on a dirt road. If it has been longer than you can remember since you've experienced the outdoors... What are you waiting for?

We present the NRA Outdoors.

PROTECT  
PRESERVE  
PURSUE THE GREAT OUTDOORS.

Since 1871 we've been hunting these fields, hills, marshes, and mountains along side you. We've fought for your rights and freedoms. We've sponsored hunter safety and education. We've campaigned to conserve wildlife and the environment.

And now we've taken our 135 years of experience and put it into the finest outdoor tools available.

NRA Outdoors is a collection of feature loaded, cutting edge "best in class" products, hand-selected by the National Rifle Association of America. NRA Outdoors product categories include knives, firearms, firearm accessories, hunting and camping gear, optics, ATV's and several other forward thinking products geared towards those who appreciate the outdoors.

## INNOVATION, FORM & FUNCTION

NRA Knives feature unique, field-tested designs developed in partnership with Benchmade Knife Company. Patented Benchmade exclusives like the AXIS® Lock mechanism and premium materials offer unparalleled performance and unrivaled mastery of design. From traditional hunting styles to modern sporting cutlery, these world-class knives are built to last.

## DETAIL-DRIVEN DESIGN

- Functional handle materials include machined aircraft-grade aluminum, stabilized wood and micarta.
- Exclusive mechanisms like the AXIS Lock and Rolling Lock® with InDraft™ are reliable and easy to use.
- Some of the world's best custom designers have collaborated to deliver innovative and distinctive models.

An extensive warranty insures all NRA Knives will be free from defects in materials and workmanship.

## 12300

This unique design exemplifies the NRA with its classic rifle-shaped profile, complete with rear sights. The molded handle design wraps the full length, stainless steel liners to offer good overall tool strength. You will find the 3.2" blade plenty useful as an everyday pocketknife and the steel carry-clip makes the 12300 an easy carry, too. Who says a knife has to look like a knife to be a great tool?

*Available with plain edge or partially serrated ComboEdge™.*

MSRP Pricing:	\$75

## 12700

A traditional design with modern features, the 12700 molded handles is checker-gripped to help you hold on, even when wet. The larger main blade is shaped well for pocketknife use and features a Lockback to secure itself open; releasing with a simple push on the lock button to close. Two smaller slip-joint blades fold open to enhance the versatility of the knife. One of these blades is a hook blade style to easily cut rope, webbing or pliable materials rapidly. Hunters will appreciate the usefulness of the hook blade while field dressing game. All in all, the 12700 packs a lot of cutting power into a nicely designed package and at a very affordable price, too.

Designer:	Ken Steigerwalt
Blade Material:	440C main blade, AUS8 secondary blades
Blade Length:	3.50" main blade, 3.12" secondary blades
Blade Thickness:	0.125" main blade, 0.060" secondary blades
Overall Length:	7.80" main blade open, 4.70" closed
Weight:	4.48 oz
Lock Type:	Springless Lockback main blade, slip-joint secondary blades
Handle Material:	Molded plastic
Blade Style:	Modified Drop-Point main, hook blade and utility
Blade Configurations:	12700
MSRP Pricing:	\$65

## 12750

This knife makes a great everyday pocket carry knife just like grandpa used to have, only better. Modern blade steels and a molded handled shape are just what you need to get you through the daily chores. The main blade features a patented Lockback mechanism that provides for safe and sure cutting.

Designer:	Ken Steigerwalt
Blade Material:	440C main blade, AUS8 secondary blades
Blade Length:	2.80" main blade, 2.50" secondary blades
Blade Thickness:	0.100" main blade, 0.050" secondary blades
Overall Length:	6.25" main blade open, 3.76" closed
Weight:	2.30 oz
