Customer Review: ★★★★★

“Wow!!!

**The 537GY-1 Bailout® is in a different class entirely! The blade material is fantastic and I am sure it is more durable than anything that could be thrown at it. The handles are truly excellent with a grippy texture and have a great color. I love that even though it is slim, it exudes hard use. This is my favorite Benchmade made so far. ”**

## CROOKED RIVER FAMILY

### A Modern Take on a Traditional Hunting Tool

Respect the tradition of the hunt with the Crooked River, a classic hunting folder sporting the latest technology. It's sharp for piercing with plenty of belly for field dressing, and it's the perfect size for powerful all-purpose hunt utility.

Eduardo Garcia / Chef, Outdoorsman and Host of Big Sky Kitchen

Hunting is a time-honored tradition where know-how and skill come with experience and perseverance. At Benchmade, we bring that same conviction to creating premium cutting tools. The Crooked River captures the form and feel of a traditional hunting knife yet offers high-performance hunt-focused utility with modern EDC sensibilities.

For strength and durability, the Crooked River features a hearty four-inch CPM-S30V stainless steel blade and an all-weather stabilized wood handle with grip features built into the back spacer. With a split arrow reversible clip, this all-around hunting knife slips conveniently in your pocket or your pack for easy access to all your hunting tasks in the field or back at camp.
